

Krishna Deepak Ghodake

Full-Stack Developer & UI/UX Designer

Nashik, India | +91 9975348960 | krishna.d.ghodake@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

Summary

B.Sc. Computer Science student focused on full-stack web development with React, Next.js, TypeScript, and Node.js/Express. Experienced in building and deploying responsive full-stack applications using REST APIs, SQL/NoSQL databases, and real-time features, complemented by UI/UX design skills in Figma.

Education

Ashoka Center for Business & Computer Studies (ACBCS), SPPU University Nashik, India
Bachelor of Science in Computer Science (B.Sc. CS) — SGPA: 9.00 (1st & 2nd Year) 2024 – 2027
Core Coursework: Programming (C, C++, Java, Python), Data Structures, DBMS (MySQL), Web Technologies, Software Engineering, Data Science.

Work Experience & Internships

Freelance Web Developer & UI/UX Designer — Znole 2026 – Present

- Built and engineered responsive full-stack web applications for commercial clients using React, Next.js, and Figma, translating UI/UX designs into production-ready interfaces.
- Deployed production-grade web platforms via Vercel & Netlify, achieving 100% mobile responsiveness and smooth UI micro-interactions.

Data Science Intern — Corizo Edutech 2024 (3 Months)

- Applied Machine Learning & statistics using Python, NumPy, Pandas, Regression, KNN, Matplotlib, and Seaborn.
- Executed NHANES Body Measurements Analysis capstone project in Google Colab — calculated BMI & waist-height ratios, standardized health datasets, and generated correlation matrix heatmaps.
- Credentials: [Training Cert. \(CRZ153975\)](#) — [Internship Cert. \(CRZ058253\)](#)

Projects

- Real-Time Chat Application** — *React, Vite, Node.js, Express, Socket.io, SQLite*: Built a full-stack real-time chat app with Socket.io for instant bidirectional messaging and REST APIs backed by SQLite for persistent, refresh-safe chat history. [\[GitHub\]](#)
- Cosmoverse** — *React 19, Vite, Canvas 3D, Web Audio API*: Built an interactive 3D orbital simulation with real-time Canvas animation and audio-reactive user interaction at 60 FPS. [\[Demo\]](#) [\[GitHub\]](#)
- Cybersisterhood** — *React.js, Firebase Firestore, Web Audio, i18n*: Developed a cloud-backed safety platform with Firestore-driven real-time SOS triage and multilingual (i18n) support. [\[Demo\]](#) [\[GitHub\]](#)
- GearLink** — *JS ES6+, Glassmorphism, localStorage, IoT Simulation*: Built an EV rental & fleet dashboard using localStorage for state persistence and a simulated virtual key-fob IoT interaction. [\[Demo\]](#) [\[GitHub\]](#)
- Student Growth Tracker** — *Figma, Mobile UX, Design System, Auto Layout*: Designed an 11-screen high-fidelity mobile prototype for student goal tracking, using Auto Layout and a reusable design system. [\[View in Website\]](#)

Research Papers & Technical Workshops

- Published Research Paper — Jewellery Management System (JMS)**, ICAC-2024 Conference, Bharathiar University: 3-tier desktop app (Python Tkinter + MySQL) automating inventory, billing, sales analytics, and role-based authentication.
- UX Research Case Study — Rethinking College Apps: Gamification in ERP Systems**: Designed gamified engagement mechanics (XP, streaks, badges, leaderboards) based on UX audits of Duolingo/Khan Academy.
- AVR × IoT Embedded Systems Workshop** (Cognifront, 12-Hour Certified): Hands-on training in AVR microcontroller programming and IoT hardware telemetry.

Technical Skills

- Languages:** JavaScript (ES6+), TypeScript, Python, SQL, Java, C, C++
- Frontend:** React, Next.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit, Vite, Framer Motion
- Backend:** Node.js, Express.js, Django, REST APIs, Socket.io
- Databases:** MySQL, PostgreSQL, MongoDB, SQLite, Firebase, Supabase
- UI/UX:** Figma, Wireframing, Prototyping, Design Systems, Auto Layout, Design Tokens
- Tools & Deployment:** Git, GitHub, Postman, Docker, VS Code, Vercel, Netlify

Certifications & Verifiable Credentials

- Data Science Training (Corizo) — CRZ153975 — Data Science Internship (Corizo) — CRZ058253
- AVR & IoT Workshop 12-Hour Certification (Cognifront) — Responsive Web Design (freeCodeCamp)
- Figma / UX Design — LinkedIn Learning: UX Design — Design Experiences — Variables & Conditionals
- Microinteractions — Prototyping — Design to CSS Implementation — LinkedIn Learning
